FURIOUS ITCHING HUMOR ON CHILD

Bleeding Sores Covered Her Whole Body After an Attack of Measles—Nursed Every Night for Three Weeks—Nothing Helped Her.

THEN CUTICURA MAKES COMPLETE CURE IN 5 DAYS

"It is in my opinion my duty to join those who praise the Cuticura Remedies. After my granddaughter of about seven years had been cured of the measles, she was attacked about a fortnight later by a furious, itching and painful eruption all over her body, especially the upper part of it. For a long time, especially under the arms, of considerable size. She suffered a great deal and for three weeks we nursed her every night, using all the remedies we could think of. Nothing would help. We then remembered having heard so much about Cuticura Remedies. We sent for them and after twenty-four hours we noted considerable improvement, and, after using only one complete set of the Cuticura Remedies, in five consecutive days the little one, much to our joy, had been entirely cured, and has been well for a long time. Mrs. F. R. Houghton, R. F. D. 3, Wakersfield, Cal., June 25 and July 20, 1906."
